Never Too Late to Be Cured.

Wine of Cardui is indeed an ideal woman's medicine and by far the best I have known to restore lost health and strength. I suffered misery for twelve years, being troubled with menorrhagia. My back ached and I had frequent bearing down pains and headaches. I would often wake from my sleep in such pain and suffering that it would be hours before I would close my weary eyes again. I dreaded the long nights as well as the weary days. I consulted two different physicians hoping to get relief, but finding that their medicine did not seem to cure me, I tried Wine of Cardui as a friend had recommended it so strongly. I am glad that I followed her advice for it was the only medicine for me, every ache and pain has gone and not only this, but my general health has improved. I feel well and strong, have a fine appetite, have gained in flesh and never looked better. My advice to suffering women is to take Wine of Cardui and they will never be disappointed in the results.
